Mother's Chair

Mother's chair has rocked the whole family. It made a creaking noise as it moved, but there was music in its sound. It was just high enough to allow us children to put our heads into her lap. That was the bank where we deposited all our hurts and worries.

It was a very wakeful chair in the sick day of children other chairs could not keep awake—it kept easily awake. That chair knew all the old lullabies, and all those wordless songs which mothers sing to their children. Songs in which all pity and compassion and sympathetic influences are combined.

The old chair has stopped rocking for a good many years. It may be set up in the loft or garret; but it holds a queenly power yet.—Talmage.

The Boy Scouts are solving the boy problem by this great idea of the association of boys, all banded together to become real men. The association of good boys with bad boys has caused harm. A good boy associating with a bad one is apt to become as criminal as his associate. The reform schools and penal institutions have been taking a boy that has started wrong, and made a criminal of him, but the Boy Scouts are taking the bad boys, and making good men of them. It is one of the greatest character making factors of the present day and every parent who has a boy ought to see to it that he be a Boy Scout.

We Have Faith In This Stomach Remedy

A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this.

They contain Bismuth and Pepsin two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money.

Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and \$1.00.—L. M. Wood, Monroe City, Mo.

A Really Cold Day.

Capt. W. H. Feagans says the first day of January, 1864, was the coldest day he ever experienced in this country. The federal army was using the various church and public buildings here as barracks and the cold was so intense the soldiers had to burn some of the pews and other furniture in the buildings. The mercury was 28 below and there was a deep snow on the ground. Military operations had to be suspended. The best the soldiers could do was to forage around for something to keep the fires going. Great numbers of stock in transit to the markets froze to death. Cows were found frozen stiff in their barns. Ice formed 14 inches thick on the streams and ponds about town. The blizzardy weather lasted five days. Macon Chronicle.
